

SEDIMENTATION MIXERS

Sedimix-20

ESR Sample Mixer

CE
2 years warranty
220 VAC 50 Hz
2.5-5 rpm

Designed to perform a full 360° rotation so that samples in any type of sedimentation tube mix homogeneously with the citrate inside the tube, sample integrity is preserved, and results are obtained quickly with a sedimentation analyser.

Product code: SEDIMIX-20

Technical specifications

Capacity	20 citrate sedimentation tubes
Motor type	AC motor
Motor power	14 W
Motor speed	2.5-5 rpm
Direction of rotation	Clockwise (fixed)
Operating voltage	220 VAC 50 Hz
Warranty	2 years
Certification	CE

Product description

Capacity for 20 citrate sedimentation tubes. The motor operates with gearbox technology. A purpose-built motion system between the motor and the sample plate delivers the required number of rotations.

Runs on 220 VAC 50 Hz with no additional interface required.

The Sedimix-20 housing is finished with a stove-enamelled instrument paint that prevents corrosion and reduces paint wear. It carries a 2 (two) year warranty and holds CE certification.

Applications

- Erythrocyte sedimentation rate (ESR) studies
- Haematology and biochemistry departments of hospitals and private laboratories
- Sample reception and preparation areas

Quality and warranty

The SEDIMIX-20 carries a 2 years warranty against manufacturing and workmanship defects and holds CE certification. All units are designed and manufactured by Sistemmed.
