

SHAKER

Mikromix-1M

Microplate Shaker

CE
2 years warranty
220 VAC 50-60 Hz
15 rpm

The Mikromix-1M accommodates micro-ELISA microplates or cassettes/plates of similar dimensions, as well as special sample holders such as beakers, petri dishes and allergy test plates.

Product code: MIKROMIX-1M

Technical specifications

Capacity	Micro-ELISA microplate or cassette/plate of similar size, beaker, petri dish, allergy test plates and other special sample plates/holders
Motor type	AC motor
Motor power	4 W
Motor speed	15 rpm
Oscillation angle	15°
Operating voltage	220 VAC 50-60 Hz
Warranty	2 years
Certification	CE

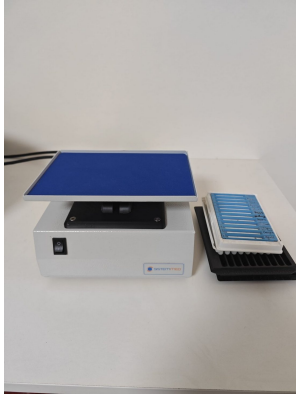

Product description

It is designed to streamline intermediate sample handling steps in micro-ELISA, allergy testing and similar applications.

The sample platform rotates at 15 rpm. The plate oscillates at a 15° tilt angle. The platform is engineered for both lateral (left-right) and longitudinal (front-back) oscillation.

The motor uses gearbox technology and is rated at 4 W. Operates on 220 VAC 50-60 Hz with no additional interface required.

Carries a 2 (two) year warranty against manufacturing and workmanship defects and holds CE certification.

Applications

- Micro ELISA procedures
- Allergy testing
- Intermediate sample handling with microplates and cassettes

Quality and warranty

The MIKROMIX-1M carries a 2 years warranty against manufacturing and workmanship defects and holds CE certification. All units are designed and manufactured by Sistemmed.
